The discussion centered around paragraph 3, on page 2 and was concerned with the two statements of concept of career service. 3. Tab C, "Allowances to Agency Officers and Employees for Education of Minor Dependents", was discussed along with systems used by the Department of State, Department of the Army, and Department of Defense. The sometimes unique situations that CIA employees are in when overseas, as contrasted with employees of these other groups was discussed, and it was agreed that under the circumstances legislation to provide CIA with overall authority to make educational allowances to overseas personnel, should be drafted to be held in readiness for eventual transmission to the Director. The outcome of current Bureau of the Budget studies on the same subject would be considered by the General Counsel. Tab C was approved, with the consideration of including all overseas employees of CIA, regardless of nationality, within the proposed legislation.

4. Tab D, "Liberalized Retirement System for CIA Employees", was introduced by the Chairman and prior to discussion Mr. White read a dissent from the Director of Security. This was followed by discussion in which hazardous duty problems and insurance problems became involved. Comparison was made with other government agencies. It was agreed that hazardous duty and insurance would be discussed later in their proper frame of reference. Tab D was approved by the Board subject to review of the entire Task Force Report.

5. It was decided that the schedule for reviewing the remaining Tabs of the Legislative Task Force Report would be

Tab A - "Medical Benefits for Dependents of Employees and Additional Medical Benefits for Employees."	29 October 1953
